

## Antifoam & Defoamer Agent

SYNTEC Performance Additives

SYNTEC technology

SYNTEC ADDITIVE

In production processes, a large amount of foam is produced, which can damage the production. Such as a waste of time Energy consumption and a quality product may not be as desired. Therefore, a reducing agent has to be added to prevent the occurrence of the above. Syntec Additive Co., Ltd. has been a manufacturer of foaming agents since 1998 and offers a wide variety of foaming reducing agents to suit the industry.

## **Antifoam & Defoamer Product**

- FOAMIN™ 74N
- FOAMIN™ 725
- FOAMIN™ 7237
- FOAMIN™ 7237 NS
- FOAMIN™ 744
- FOAMIN™ AFN 37
- FOAMIN™ 460
- FOAMIN™ 460D
- FOAMIN™ AFN60
- FOAMIN™ 3750
- Antifoam A 11 silicone base 10% in emulsion form.
- Antifoam A 21 silicone base 20% in emulsion form.
- Antifoam A 31 silicone base 30% in emulsion form.
- AFC-2D 100% Antifoam compound

# Product Characteristics & General Properties

Mineral oil Type

Product name	Appearance	Specific Gravity 25°C	Viscosity cSt.	Non-volatile Content %
FOAMIN AFN 60	Milky white emulsion	0.9 g/cm <sup>3</sup>	200-500	>60
FOAMIN 3750	Milky white emulsion	0.9 g/cm <sup>3</sup>	200-500	>50
FOMIN AFN 37	Light amber	0.86 g/cm <sup>3</sup>	200-500	>98
FOAMIN 74N	Yellowish,terbid	0.86 g/cm <sup>3</sup>	500-1000	>98
FOAMIN AFN 725	Light amber	0.85 g/cm <sup>3</sup>	200-500	>98
FOAMIN 744	Light amber	0.85-0.9 g/cm <sup>3</sup>	200-500	>98
FOAMIN 7237	Light amber	0.85-0.87 g/cm <sup>3</sup>	200-500	>98
FOAMIN 7237 NS	Light amber	0.85-0.87 g/cm <sup>3</sup>	200-500	>98

# Silicone Antifoam & Defoamer

Product name	Appearance	Specific Gravity 25°C	pH [dil 5%]	Active Content %
ANTIFOAM A11	Milky white	0.98-1.0 g/cm3	6.5-7.5	10
ANTIFOAM A 21	Milky white	0.98-1.0 g/cm3	6.5-7.5	20
ANTIFOAM A31	Milky white	0.98-1.0 g/cm3	6.5-7.5	30
ANTIFOAM AFC 2D	Gray translucent	0.98-1.0 g/cm3	6.5-7.5	100

# Antifoam & Defoamer Non-Silicone

Product name	Appearance	Specific Gravity 25°C	Viscosity cSt.	Active Content %
FOAMIN 460	Clear yellow liquid	0.93-0.34 g/cm3	90-150	100
FOAMIN 460 D	Clear yellow liquid	0.93-0.94 g/cm3	90-150	100

**From experience In the production of foaming agents for more than 20 years and understand the user's production process This has resulted in continuous product development and is able to solve problems for users as well. Syntec Company's products are focused on quality. And safety for users as the main Therefore, users can use it safely.**
